that a musafirkhana of the 4th Class type was estimated to cost Rs 1,000 some 16 or 18 years ago when the building materials were not so dear then as they are now.

7) The increase in the amount of the present estimate is due to,

(1) provision of a basement all over,

(2) Constructing Central side room with the necessary doors and windows,

(3) plastering with Chunam instead of with mud, and

(4) allowing extra rates as Kalibed is in Malnad

8) Submitted with the unofficial opinion of the Chief Engineer for orders.

9) Please put up draft sanctioning. Is it necessary to consult the Sanitary Comrs also?

10.6.12

10) Draft sanctioning is submitted. It is ascertained that it is not usual to consult the Sanitary Commissioner in such a matter. Besides the District Board consisting of the Senior Medical Officer of the District as one of its ex-officio members the interests of sanitation seems to be sufficiently safeguarded. The Medical Officer was present at the D.B. meeting in which the resolution was passed
